

Check list for guests with diets/allergies

In order to ensure your child's culinary wellbeing at the children's hotel Muchetta, we would like to ask you for your help. Please complete this sheet – if possible before your stay or at the latest at the time of your arrival - and return it to the reception. Our chef will be happy to discuss your wishes with you personally.

Name	First name	Age	Room	Stay
Diet/Allergy				

What is allowed!

Breakfast: _____

Lunch: _____

Dinner: _____

What is prohibited!

Breakfast: _____

Lunch: _____

Dinner: _____

FOR EMERGENCY

Mobile phone number _____

If required, the following measures are to be taken immediately:

ALLGEMEINE INFORMATIONEN

In case of food allergy or medically prescribed diets we ask you to contact our chef and to bring this completed sheet with you to the consultation.

We do our utmost to work out the best possible diet for your and your child. We would like to emphasize that our kitchen staff does not have qualified diet cooks with special medicinal knowledge.

Those children at risk are not permitted to take food from the self-service buffet. They have to take the food together with their parents or they can also contact our kitchen staff.

If you have any questions or require clarification, we ask that you consult the management (Mr. or Mrs. Bärtschi).

We can arrange for a contact to the relevant clinics in Davos in the event that you require additional medical information or a consultation.
